and §173 of any patent issued from U.S. Serial No. 09/992,955, and hereby agrees that any patent issued from the subject application shall be enforceable only for and during such period that the legal title to such patent shall be the same as the legal title to U.S. Serial No. 09/992,955, this agreement to run with any patent granted on the subject application and to be binding upon the grantee, its successors and assigns. In making the above disclaimer, Columbia does not disclaim the terminal part of any patent granted on the subject application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. §154 to §156 and §173 of any patent issued from U.S. Serial No. 09/992,955, in the event that such patent later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term.

I have reviewed the documents attached hereto and certify that, to the best of my knowledge and belief, The Trustees Of Columbia University In The City Of New York is the assignee of all right, title and interest in and to the subject application. I am authorized to sign on behalf of The Trustees Of Columbia University In The City Of New York.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or
